

October 2024

Dear Cricket Members, Volunteers, and Guests:

Welcome! The City of Pleasanton is once again honored to join the cities of Dublin and San Ramon in hosting the 2024 International Youth Cricket Tournament for the Under 11, Under 13, and Under 15 age groups from November 29 through December, 1 2024. This tournament is also jointly hosted by the Cricket for Cubs, the Dublin Cricket League, and the San Ramon Cricket Association, and will bring youth cricket teams from across the United States to the Tri-Valley area.

Pleasanton is proud to provide our community with the infrastructure and grounds available for cricket. We recognize the importance of the heritage and traditions of cricket and appreciate the dedication of the competitors who provide such enjoyment for all of us. We also recognize the health benefits of cricket, such as increased stamina and endurance, balance and coordination, physical fitness, social skills, and team building.

I am very proud of the growth of cricket in Pleasanton and the Tri-Valley and appreciate the dedication of volunteers and the youth members who embrace this sport.

During your visit, we hope you will take this opportunity to become acquainted with our city – browse our shops, enjoy our fabulous restaurants, and visit our beautiful and historic downtown.

It is my great pleasure to extend to all of you the hospitality that our community has to offer and wish you a wonderful and exciting tournament!

Sincerely,

Karla Brown
Mayor of Pleasanton
